# GUILHERME VALENÇA SAUNDERS

**Data & Machine Learning Internship | Python, SQL and Statistics | Software Engineering Background**
Recife, PE, Brazil | guilhermevalenca.s7@gmail.com | +55 (81) 99794-1638 | linkedin.com/in/guilherme-saunders-b25040368

## PROFESSIONAL SUMMARY

Computer Science student at CIn/UFPE (GPA 8.75/10) with a strong interest in data and Machine Learning: currently taking Machine Learning and Statistics & Probability, and working on a Machine Learning and data analysis project in partnership with Praso. Experienced with SQL, PostgreSQL and data modeling on real client projects, and leads 4 software engineers at CITi. Curious, creative and highly engaged, with a strong drive to learn and an interest in financial markets. Seeking an internship to turn data into insights, metrics and features.

## SKILLS

**Data & ML:** Python (pandas, NumPy, scikit-learn, matplotlib), SQL, PostgreSQL, relational modeling (ER model, normalization); currently studying Machine Learning algorithms such as linear regression, logistic regression and neural networks

**Programming languages:** Python, SQL, TypeScript, JavaScript, C++

**Development:** Node.js, Prisma ORM, Git, Docker, layered architecture, code review

**Practices:** Requirements gathering, interviews and surveys, communication with clients and business stakeholders, documentation and reporting, agile methodologies

**Soft skills:** Curiosity, creativity, eagerness to learn, high engagement, teamwork

**Languages:** Portuguese (native); English (upper-intermediate to advanced; about 6 years of study, with solid reading and listening comprehension)

## PROFESSIONAL EXPERIENCE

**Software Manager** | July 2026 – Present
*CITi – IT Consulting Junior Enterprise (CIn/UFPE) | Recife, PE*

- Selected through an internal process to lead the development of a real client project, acting as the direct point of contact and managing 4 software engineers.
- Translate business requirements into technical deliverables while keeping hands-on technical work alongside management.

**Software Engineer and Technical Advisor — Innovation Lab** | January 2026 – June 2026
*CITi – IT Consulting Junior Enterprise (CIn/UFPE) | Recife, PE*

- Developed features for 2 real client projects (Node.js, TypeScript, PostgreSQL, Prisma ORM), including the data persistence and query layer.
- Communicated and collaborated with the team and clients, applying agile methodologies and process automation.
- Volunteered for the Technical Advisor role to research and propose industry technologies and best practices, and proposed internal training tracks (Anthropic Academy, Rocketseat).

## ACADEMIC AND EXTENSION EXPERIENCE

**Developer and Researcher — L.E.I. Extension Project** | 2026 – Present
*Extension and Innovation Lab — CIn/UFPE (Prof. Kiev Gama)*

- Develop the platform that connects the university, government and NGOs, and write a scientific paper about the project.
- Worked on a survey (Google Forms) about CIn students' participation in extension activities, and conduct interviews and requirements gathering with stakeholders (students, NGOs and government).

**Teaching Assistant — Object-Oriented Data Structures** | 2026.1
*CIn/UFPE (Prof. Gustavo Carvalho)*

- Supported students with data structures and object-oriented programming, deepening my own knowledge of data structures and algorithms.

## EDUCATION AND ADDITIONAL TRAINING

- B.Sc. in Computer Science | GPA 8.75 | February 2025 – 2029.1 (expected) — CIn/UFPE. Currently taking (2026.2): Statistics and Probability, Machine Learning.
- In progress: Node.js Track (Rocketseat) · Anthropic Academy · Cambridge English Qualifications (B2/C1 Advanced)
- Self-study: financial market fundamentals and financial mathematics
